

Registrations and Vehicle Miles Traveled (VMT) by Year, USA

All data points are obtained or calculated from Federal Highway Administration (FHWA) Table VM-1.

The miles units are in million miles for travel on public roads.

A motorcycle is a type of motor vehicle.

Occupant-Vehicles are all the other motor vehicles that are not motorcycles.

Vehicle Miles Traveled (VMT) equals occupant-vehicle miles traveled plus motorcycle miles traveled.

Vehicle registrations equals occupant-vehicle registrations plus motorcycle registrations.
